North Parmelia Now

Together we will be DARING and ROBUST learners.

Dear Parents and Caregivers

The past two weeks have been both exciting and rewarding at North Parmelia PS. On Wednesday last week an ensemble cast from WA Opera performed "Rapunzel" for the students. The students were captivated by the production. This production was sponsored by the WA Symphony Orchestra through the Crescendo program. We are incredibly fortunate to have access to this program. On the 16 June pre-primary students to Year 6 students will travel to the Concert Hall to watch the orchestra perform, "Nature's Symphony." These events complement the incredible school-based programs delivered by Crescendo.

One week ago, the school conducted the Walk to School Safely day. It was a sensational event. Thanks to all community members who attended and to the staff led by Mrs Luttrell for preparing and serving the breakfast.

The 100 Nights of Reading is rapidly reaching a climax. Thank you to all of the families that have supported this worthwhile program.

Covid and the flu are having a significant impact on the school community, both from a staff and a student context. The school is endeavouring to maintain programs in challenging times. We thank the community for their understanding and the support they are providing looking after the welfare of their children.

On the 9 June the school will conduct the NPPS Cross Country, commencing at 1.00 pm. On the 23 June selected students will attend the Lightning Carnival at Thomas Oval (Soccer, Hockey and Football) and Peter Carnley College (Netball). Parents and carers are encouraged to support their children at these events.

Semester One student reports will be issued on Wednesday 28 June. With their teachers and NPPS support staff, students have been working very hard throughout Semester One and we anticipate that the Semester One reports will be a reflection of the positive efforts of the students. Where students are striving to be friendly, respectful, committed to excellence and demonstrating responsibility, they will be guaranteed to achieve a report to be proud of.

We would like to acknowledge the traditional custodians of this land and waters of Australia and the Torres Strait. We respect all Aboriginal and Torres Strait people - their customs and their beliefs. We also pay our respects to elders past and present with particular acknowledgement to the Whadjuk people of the Noongar nation, the traditional owners of the land that our school is built upon.

Aussie of the Month

The Aussie of the Month award recognises personal endeavour, achievement and contribution to the community.

The award reflects some of the values we share as Australians, a sense of fair play, generosity of spirit, commitment to community participation and a real concern for the environment.

At each classroom assembly, the students of the class vote for a student who they feel lead by example and are a role model for the school. The student is presented with an Aussie Bear, badge and certificate.

Congratulations to Aiden B. for being room 3's Aussie of the Month recipient.

Mathletics Masters of Math

We have some wonderful Magicians of Maths who have been working hard on Mathletics.

Unfortunately, there were no Gold Certificates this assembly but still an amazing month of maths. We did have some wonderful results leading to 5 Silver Certificate's being presented to:

Aaradhya P	Room 8	Lily P.	Room 3	Matikas M.	Room 14
Madden B.	Room 8	Allie H.	Room 6		

There were also 28 Bronze Certificate's awarded to students.

Congratulations to all those students who have been working so hard on their math skills.

AGM

Thank you to all the community members who were present at the AGM on Friday, 26 May. We would like to take this opportunity to thank everyone for their support over the past year. A huge thank you to those outgoing members who gave up their time during the year to be apart of the P&C. We are happy to advise the following community members have taken a position on the P&C for the 2023-2024 year.

Curiosity Club

Specialists in Training

Fremantle College's Curiosity Club is an after school program which offers hands-on extension opportunities for students in Year 5.

Curiosity Club Specialist ICT

The ICT program supports students to develop their design and problem-solving skills, and expand their creativity. They will have access to industry standard technology as they undertake a design and create process, developing a tangible product.

Curiosity Club Specialist Marine Science

The Marine Science program encourages students to further their understanding of the marine environment, and the impact we have on it. They will undertake a range of scientific investigations, drawing upon skills in chemistry, physics and biology.

Our Curiosity Club will run for three sessions and take place in Terms 3 and 4. When applying, students are able to select which term they wish to attend, and they are able to apply for both programs. Specialist teaching staff facilitate all sessions, supported by our Specialist Program Student Leaders.

Application Process

Students are required to complete the application form and return to Fremantle College by Friday 23 June 2023. Online form is available on our college website, under Enrolments and Curiosity Club. The college will advise the outcome of all applications the following week and distribute information to families.
